Comment

Greetings: I am writing to support the comments filed by the Maritime Radio Historical Society (MRHS) regarding WRC-12. Specifically, I agree with the MRHS position that the FCC should not support those portions of the recommendations for WRC-12 that would adversely effect MRHS station KSM and other stations in the maritime service. At the very least, a sub-band of frequencies should be reserved to prevent the extinction of such valuable historical preservation efforts, or a clause should be added preventing the replacement services from being able to file grievances against existing entities like MRHS. Thank -you.
